

Archaeology Booklet Template

In each square below, write why the archeological object is important for us to know about. Then cut out each square and glue it onto the construction paper provided, creating your own archeology booklet.

My Archeology Booklet

By: _____

These arrow-
heads were
used as weapons
for hunting.

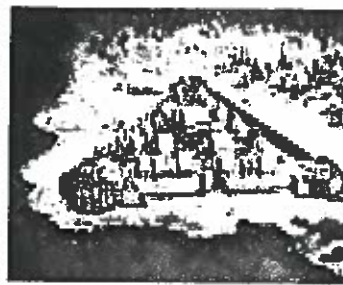

Pottery was
used as storage
and for food.

This archaeologist
is digging
for artifacts!

These are examples
of tools the
American Indians
used to build.

This is a
picture of
the fort of
Jamestown.

the first permanent
English Settlement in
North America.

Werowocomoco
was a large
Indian town
that served as
headquarters for

the leader, Powhatan.
